

Join the program created to save you trouble, time and money.

Discounts on Breakdown Assistance

No one likes to deal with the time-consuming hassles and unpredictable costs of roadside breakdowns. That's why ExceleratorSM Preferred membership was created. It provides the support you or your dispatcher will need to handle breakdowns more efficiently—plus special savings to help your bottom line.

Preferred members get reduced fees on all Excelerator breakdown coordination services. That means you'll save anytime you call our experienced Freightliner personnel to assess your needs and expedite repairs. You'll also get a special tire program that quickly helps your membership pay for itself. To continue making your life easier both on and off the road, similar discounts will be added on an ongoing basis.

As an Excelerator Preferred member, you'll even gain access to a members-only Web page showing records of breakdowns and the current status of your covered vehicles. Clearly, membership has its privileges.

YOUR BREAKDOWN OF PREFERRED BENEFITS

- Experienced Freightliner personnel available 24/7 to assess your needs, find the best service provider and call for a tow if necessary
- Monitoring of the repair process, keeping you notified every step of the way
- Reduced breakdown assistance coordination fees
- Tire program, plus extra discounts and money-saving member specials
- Recap of breakdown for your records
- Online access to your member page where you can check your vehicle's breakdown status

Get all of the benefits of Excelerator Preferred membership for only \$99US per vehicle, a one-time membership fee. Fees per breakdown event: \$36US for Freightliner vehicles, \$40US for other brands.

A membership card containing your VIN, membership ID and toll-free assistance number is included with your membership.
